**Çukurova University**  
Electrical Electronics Engineering  
2018 - 2024

**İsmail Safa Özler Anatolian  
High School**  
2013 - 2017

### ABOUT ME

I am a 4th year student at Çukurova University department of Electrical and Electronics Engineering. I am a person who is open to improvement and I want to gain work experience in my field. I am a quick learner, I can easily adapt to teamwork and I have high individual productivity. I trust my communication skills, I believe that I can put extras on the expected efficiency in the studies which I participate in and the jobs I receive.

### WORK EXPERIENCE

#### PERSONNEL

Zeplin Plastik İnşaat İç ve Dış Ticaret Limited Şirketi  
June 2021 - August 2022

- Mostly, I was dealing with the logistics of the company. I was responsible from storage, stock control, material and quality control, preparation for shipment and tracking. I also created price quotes and income statements in MS Excel.

#### PART TIME SUPPORT WORKER

Ç.Ü. Sağlık Kültür ve Spor Daire Başkanlığı Özgelirler  
December 2019 - April 2020

- I worked about maintenance and control of technical equipments such as microphones, smart boards and computers which are used for the lessons.

#### FRONT FIELD SALESPERSON

Şanal Petrol Ticaret Limited Şirketi  
June 2017 - October 2017

- I was offering technical services such as refueling the vehicle, checking the battery, radiator, glass and engine water and completing it to the required level.

### PROJECTS

#### ROCKET ENGINE TEST STAND

1.5 Adana Rocketary Team  
September 2021 - January 2022

- I was the electronic member of the team and I took part in the R&D and hardware design of the electronic board which we designed with load cell to draw the thrust-time graph of the solid fuel rocket engine which we will produce. Also, I took part in the design of the wireless ignition system to provide security of people.

### ACTIVITIES

October 2019 - January 2023  
• **Faculty of Engineering  
Basketball Team**

October 2013 - June 2018  
• **GSİM Basketball Club**
